CM Donation is a Joomla! component that allows nonprofit organizations to receive one time or recurring donations from people around the world.

This documentation gives you instruction how to install and setup CM Donation on your Joomla! website.

The source of CM Donation is hosted at [Github](#).

# CHAPTER 1

---

## Overview

---

CM Donation is a Joomla! component that allows nonprofit organizations to receive one time or recurring donations from people around the world.

CM Donation is easy to setup and use. CM Donation provides a simple donation form and many interesting statistics for end-users.

If you

- use Joomla!
- are a nonprofit organization, are a charity
- need to receive funding from donors
- need to support anonymous donations, one time or recurring donations

then you can give CM Donation a try.

## Technical Requirements

CM Donation is compatible with Joomla! 2.5.x and 3.x.x. CM Donation is **NOT** compatible with Joomla! 1.x.x.

Please check [Joomla!'s Technical Requirements](#) for more information of Joomla!'s requirements.

## Features

### Front-end

- Integration with Joomla! Content: You can easily put donation form and donation statistics into any Joomla! article, Joomla!'s Custom HTML module or any third-party extension which supports Content's Event System.
- Supports one time and recurring payments (daily, weekly, semimonthly, monthly, annually).

- Support anonymous donation: donor's name is not displayed in front-end but is still recorded and is only visible to administrators in back-end.
- Display statistics for
  - Donation quantity that your campaign receive.
  - Total amount donated to your campaign.
  - N latest donations.
  - Top N donors who donate to your campaign by their total contributions.
  - Top N countries which have donors donating to your campaign.

### Back-end

- Many configuration options.
- Export donor list to CSV.
- Manually create a new donation.
- Edit existing donations.
- Report for every campaign.

### Supported payment methods

- PayPal Payments Pro (Express Checkout)

## CHAPTER 2

### Installation

## Download

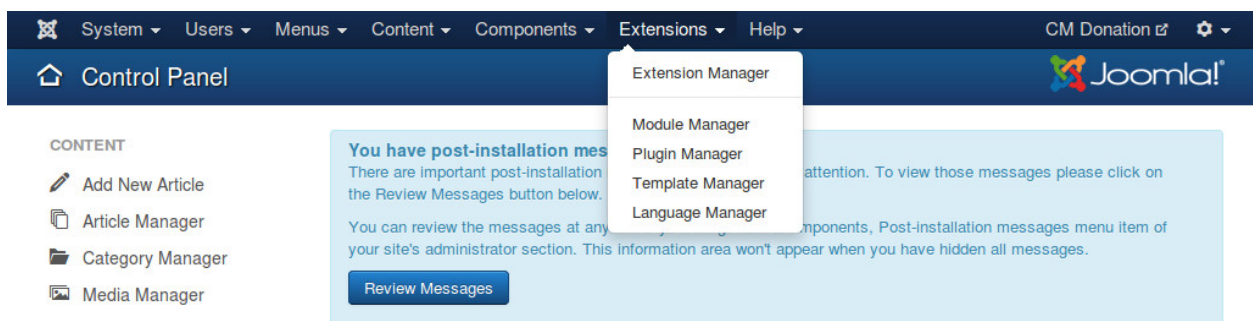

The installation package of CM Donation can be downloaded from [our website](#) or from [our Github repository](#).

The package includes:

- CM Donation component
- CM Donation Content plugin
- PayPal Payments Pro (Express Checkout) payment plugin

## Installation

In your Joomla! back-end, you navigate to Extensions -> Extension Manager

Click “Browse” button and select the installation package of CM Donation on your computer, click “Upload & Install” button to upload the package to your server and install it.

The screenshot shows the Joomla! Extension Manager: Install page. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The page title is "Extension Manager: Install". A light blue notification box at the top states: "Joomla! Extensions Directory (JED) now available with Install from Web on this page. By clicking 'Add Install from Web tab' below, you agree to the JED Terms of Service and all applicable third party license terms." Below this box are tabs for "Upload Package File", "Install from Directory", and "Install from URL". The main heading is "Upload & Install Joomla Extension". Under "Extension package file", there is a "Browse..." button and the text "No file selected.". At the bottom is an "Upload & Install" button.

If the package is installed successfully, you receive the message “Installing package was successful.”

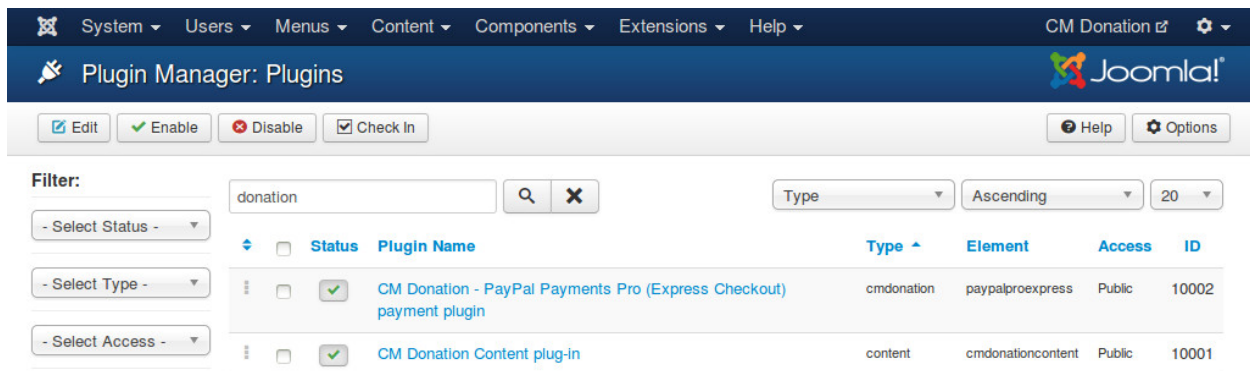

This screenshot shows the same Joomla! Extension Manager: Install page, but with a green message box at the top stating: "Message: Installing package was successful." Below the message box, the "Package for CM Donation component. Including the component and required plug-ins." section is visible. The "Upload Package File" tab is selected, and the "Upload & Install" button is still present at the bottom.

You can see CM Donation in Components menu item.

Go to Extensions -> Plugin Managers, you can see CM Donation Content plugin and PayPal payment plugin are also available in the list of installed plugins.

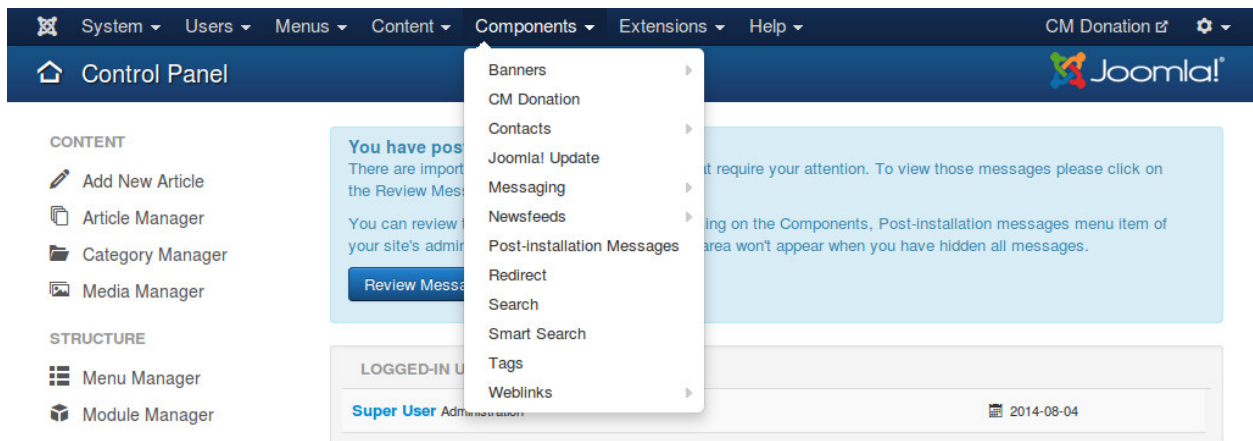

## CHAPTER 3

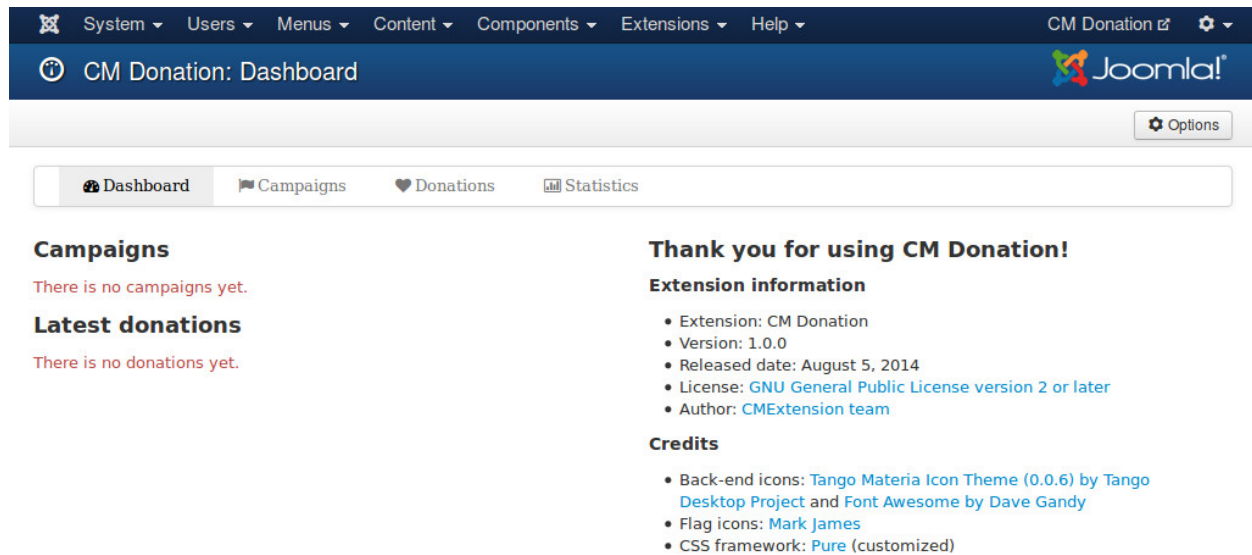

### Configuration

#### CM Donation component

In your Joomla!'s back-end, you go to Extensions -> CM Donation to access CM Donation component.

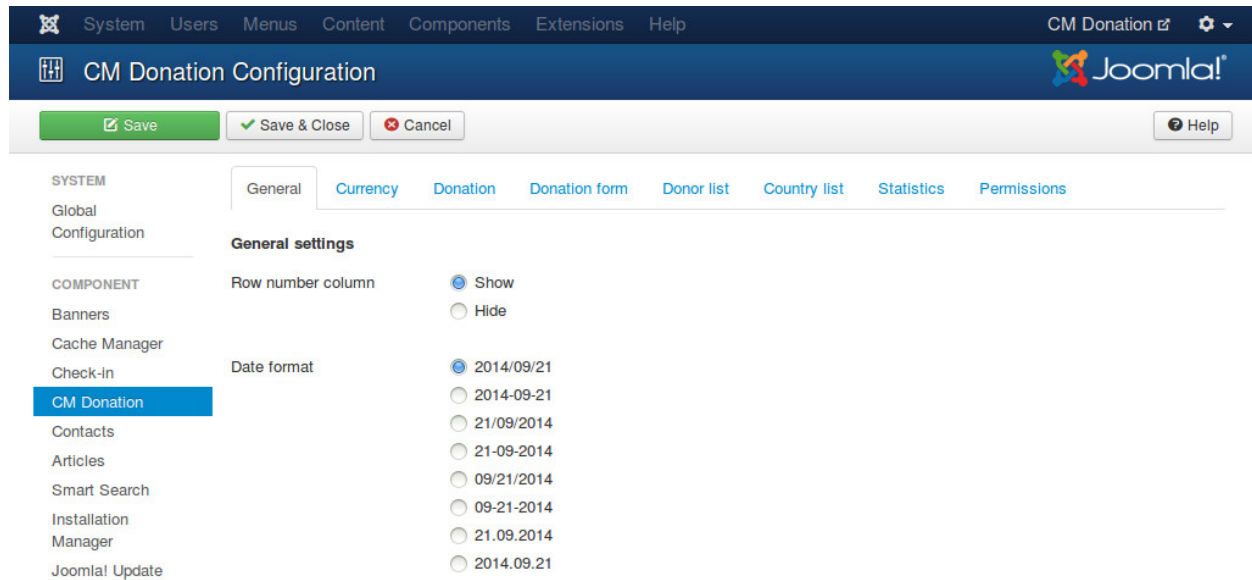

The default page of CM Donation is the dashboard. On the toolbar there is an “Options” button, you click this button to configure the component.

There are the following tags in the configuration page: General, Currency, Donation, Donation form, Donor list, Country list, Statistics, Permission.

## General

In “General” tab, we have the following options:

- **Row number column:** Show or hide the first column for row number in statistic tables (top donors, latest donations,...).
- **Date format:** Date format which is used in both front-end and back-end.

## Currency

In “Currency” tab, we have the following options to configure the currency used in donation:

The screenshot shows the Joomla! administration interface for the CM Donation component. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays 'CM Donation Configuration' and the Joomla! logo. Below the header are buttons for 'Save', 'Save & Close', 'Cancel', and 'Help'. The left sidebar lists various system components, with 'CM Donation' highlighted. The main content area is titled 'Settings for currency' and contains the following configuration options:

Setting	Value
Currency sign	<input type="text"/>
Currency sign position	<input checked="" type="radio"/> Before the amount <input type="radio"/> After the amount
Decimals	<input checked="" type="radio"/> 0 <input type="radio"/> 1 <input type="radio"/> 2 <input type="radio"/> 3
Decimal point	<input checked="" type="radio"/> . (dot) <input type="radio"/> , (comma)
Thousands separator	<input type="radio"/> None <input type="radio"/> . (dot) <input checked="" type="radio"/> , (comma)

- **Currency sign:** The sign of the currency you use for donation. For example, “\$” for United States Dollar.
- **Currency sign position:** Where currency sign is displayed, before or after the amount.
- **Decimals:** Number of decimals.
- **Decimal point:** Character is used as decimal point.
- **Thousands separator:** Character is used as thousands separator.

## Donation

In “Donation” tab, we have the following configuration for donation:

The screenshot shows the Joomla! administration interface for the CM Donation component, specifically the 'Donation' tab. The top navigation bar and header are identical to the previous screenshot. The left sidebar remains the same. The main content area is titled 'Settings for donation' and contains the following configuration options:

Setting	Value
Anonymous donation	<input type="radio"/> Enabled <input checked="" type="radio"/> Disabled
Recurring donation	<input type="radio"/> Enabled <input checked="" type="radio"/> Disabled
Available recurring cycles	<input type="checkbox"/> Daily <input type="checkbox"/> Weekly <input type="checkbox"/> Semimonthly <input type="checkbox"/> Monthly <input type="checkbox"/> Annually

- **Anonymous donation:** Allow anonymous donation.
- **Available recurring cycles:** Available recurring cycles which are displayed in donation form for donor to select. If there is only 1 cycle available, this option is hidden.

## Donation form

In “Donation form” tab, we have an option for donation form:

The screenshot shows the Joomla! administration interface for CM Donation Configuration. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays 'CM Donation Configuration' and the Joomla! logo. Below the header, there are buttons for 'Save', 'Save & Close', 'Cancel', and 'Help'. The left sidebar lists various system components, with 'CM Donation' highlighted. The main content area shows the 'Donation form' tab selected, displaying 'Settings for donation form'. Under the 'COMPONENT' section, the 'Hide lone payment option' is set to 'No' (radio button selected).

- **Hide lone payment option:** Hide payment method selection if in donation form there is only 1 payment method to select.

## Donor list

In “Donor list” tab, we have the following configuration for top donor and latest donation tables:

The screenshot shows the Joomla! administration interface for CM Donation Configuration, with the 'Donor list' tab selected. The top navigation bar and main header are identical to the previous screenshot. The left sidebar shows 'CM Donation' highlighted. The main content area displays 'Settings for donation list and donor list in front-end'. Under the 'COMPONENT' section, the 'Donor name' is set to 'Both first name and last name' (radio button selected). The 'Country' is set to 'Show both country name and country flag' (radio button selected). The 'Donated date column' is set to 'Show' (radio button selected).

- **Donor name:** How donor name is displayed, you can show first name or last name only, or display both.
- **Country:** Hide country info or display country as flag or name or both flag and name.
- **Donated date column:** Show or hide donated date column.

## Country list

In “Country list” tab, we have the following configuration for country table:

The screenshot shows the Joomla! CM Donation Configuration interface. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays 'CM Donation Configuration' and the Joomla! logo. Below the header, there are buttons for 'Save', 'Save & Close', 'Cancel', and 'Help'. The left sidebar lists various system components, with 'CM Donation' highlighted. The main content area shows the 'Country list' tab selected, displaying settings for the 'Country list in front-end'. The settings include:

- Country info:** Radio buttons for 'Show country flag', 'Show country name', and 'Show both country name and country flag' (selected).
- Contribution percentage column:** Radio buttons for 'Show' (selected) and 'Hide'.
- Contribution percentage's decimals:** Radio buttons for '0' (selected), '1', and '2'.
- Lowest amount column:** Radio buttons for 'Show' (selected) and 'Hide'.
- Average amount column:** Radio buttons for 'Show' (selected) and 'Hide'.
- Highest amount column:** Radio buttons for 'Show' (selected) and 'Hide'.

- **Country info:** Show country name or country flag, or show both.
- **Contribution percentage column:** Show or hide the column for contribution percentage of country.
- **Contribution percentage's decimals:** Number of decimals of contribution percentage.
- **Lowest amount column:** Show or hide the column for lowest donated amount of country.
- **Average amount column:** Show or hide the column for average donated amount of country.
- **Highest amount column:** Show or hide the column for highest donated amount of country.

## Statistics

In “Statistics” tab, there are options for reports and CSV export:

The screenshot shows the Joomla! administration interface for the CM Donation component. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays 'CM Donation Configuration' and the Joomla! logo. Below the header are buttons for Save, Save & Close, Cancel, and Help. The left sidebar lists various system and component categories. The main content area is titled 'Settings for statistics' and includes a note about CSV file output. It contains three settings: 'Country info' with radio buttons for 'Hide country info', 'Show country flag', 'Show country name', and 'Show both country name and country flag' (selected); 'CSV delimiter' with radio buttons for ',' (selected) and '; (semicolon)'; and 'CSV enclosure character' with radio buttons for '"' (selected) and "'" (single quote).

- **Country info:** Show or hide country info in statistics and CSV file.
- **CSV delimiter:** The character used to separate fields.
- **CSV enclosure character:** The character used to enclose field.

**Note:** If you show country info (name, flag or both name and flag), only country name is displayed in CSV file.

## Permissions

The screenshot shows the Joomla! administration interface for the CM Donation component, specifically the 'Permissions' tab. The top navigation bar and header are identical to the previous screenshot. The left sidebar lists various system and component categories. The main content area is titled 'Default permissions used for all content in this component.' and includes a note about managing permission settings. It contains a table with three columns: 'Action', 'Select New Setting <sup>1</sup>', and 'Calculated Setting <sup>2</sup>'. The table lists permissions for the 'Public' user group, including 'Configure', 'Access Administration Interface', 'Create', 'Delete', 'Edit', 'Edit State', and 'Edit Own'. All 'Calculated Setting' values are 'Not Allowed'.

Action	Select New Setting <sup>1</sup>	Calculated Setting <sup>2</sup>
Configure	Inherited	Not Allowed
Access Administration Interface	Inherited	Not Allowed
Create	Inherited	Not Allowed
Delete	Inherited	Not Allowed
Edit	Inherited	Not Allowed
Edit State	Inherited	Not Allowed
Edit Own	Inherited	Not Allowed

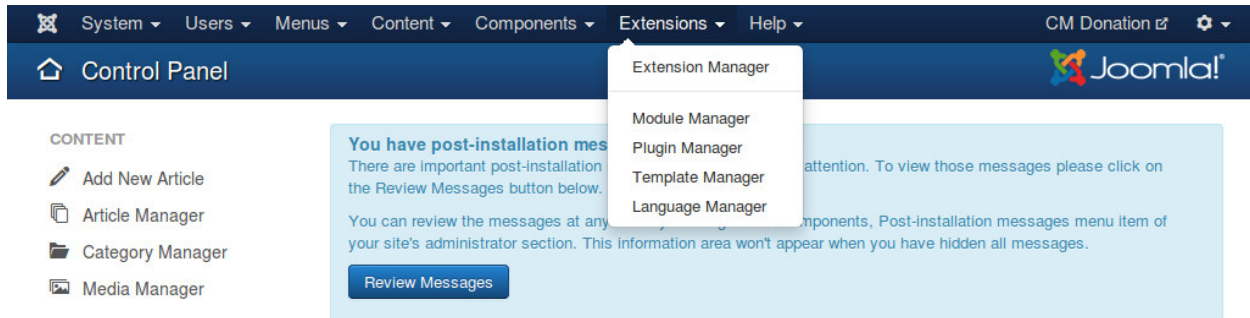

You should change the options in “Permissions” tab if you have many user groups which can access your Joomla! back-end and you need to give them different permissions. If you are the only administrator on the site, or only

administrators can access your back-end, you don't need to configure these settings.

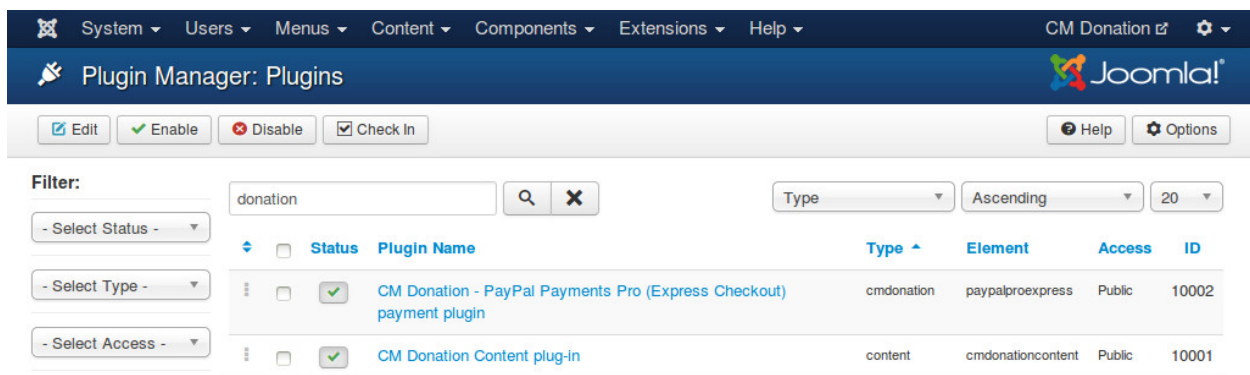

You can view [Access Control List Tutorial](#) for more understand how Joomla!'s access control list works.

## CM Donation Content plugin

To configure CM Donation Content plugin, you navigate to Extensions -> Plugin Manager.

You search for "CM Donation Content plug-in".

Click on its name and you are taken to the page as the screenshot below where you can edit its settings.

Plugin Type content

Plugin File cmdonationcontent

Because all the information of your campaigns is displayed in Joomla! articles and any place supporting Joomla! Content event (third party extensions, modules...), so everytime a page is loaded, the plugin must search and check if there is any information that you ask to display. The information could be

- Number of donations
- Total amount donated
- Donation form
- Latest donations
- Top donors
- Top countries

If there is any information that you don't need to display on your site, you should ask the plugin to stop checking for them to speed up your page load. You can do this by switching the option of the information to "Disabled" in the plugin's setting page.

You need to enable the plugin otherwise it doesn't run.

## PayPal Payments Pro plugin

In Plugin Manager you search for PayPal Payments Pro payment plugin. Its name in the list is "CM Donation - PayPal Payments Pro (Express Checkout) payment plugin". Click on the plugin name to configure it.

The screenshot shows the Joomla! Plugin Manager interface. At the top, there's a navigation bar with links to System, Users, Menus, Content, Components, Extensions, and Help. The main title is 'Plugin Manager: CM Donation - PayPal Payments Pro (Express Checkout) payment plugin'. Below the title are buttons for 'Save', 'Save & Close', 'Close', and 'Help'. The plugin is currently 'Enabled'. The configuration fields are as follows:

Field	Value
Payment option title	
API Username	
API Password	
API Signature	
Sandbox API Username	
Sandbox API Password	
Sandbox API Signature	
Sandbox	<input checked="" type="radio"/> Yes <input type="radio"/> No
Currency	EUR - Euro
Locale	FR - France

On the right side, there are additional settings:

- Status: Enabled
- Access: Public
- Ordering: 0. CM Donation - PayPal Pay...
- Plugin Type: cmdonation
- Plugin File: paypalproexpress

In “Payment option title” you enter your custom name for this payment method, this is displayed in donation form. If you leave this field empty, the name “PayPal Payments Pro (Express Checkout)” will be used.

If you want to use PayPal Sandbox for testing, you switch “Sandbox” option to “Yes” and enter your API username, API password, and API signature of your PayPal Sandbox into “Sandbox API Username”, “Sandbox API Password”, “Sandbox API Signature” fields.

If you want to accept real transactions, you set “Sandbox” to “No” and enter your PayPal’s info into “API Username”, “API Password”, “API Signature” fields.

You need to select the currency that is used in your donations in “Currency” option. You only can select the currency that PayPal’s supported. Please note that your PayPal account must also support the selected currency.

With “Locale” option, you can select the language of PayPal’s transaction page. If your site is a multilanguage site, you can use the Joomla!’s locale that donor uses. For example, if your site is in English and French, donor views your site in French and decides to donate, French is the locale of PayPal’s donation page after donor is taken to PayPal. If your site is only in 1 language, you should choose another option in the list.

Please remember to enable the plugin.

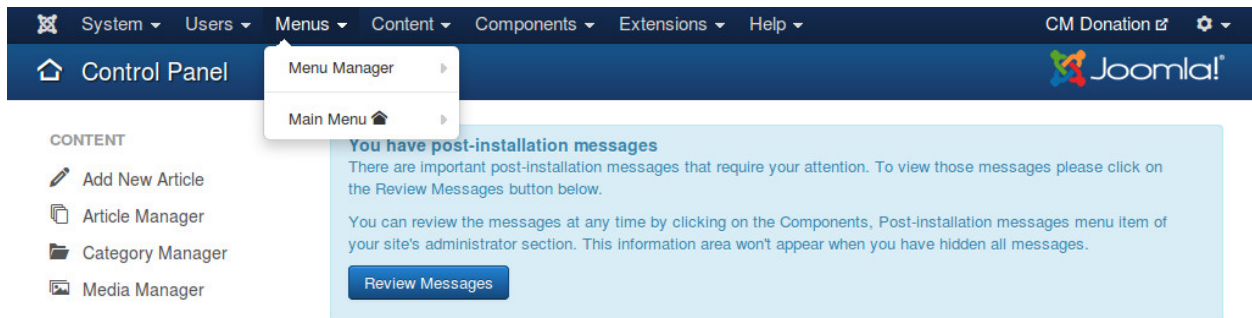

## Create menu item

CM Donation component only provides one menu item for Thank You page. This is the page where thankful messages to donor are displayed.

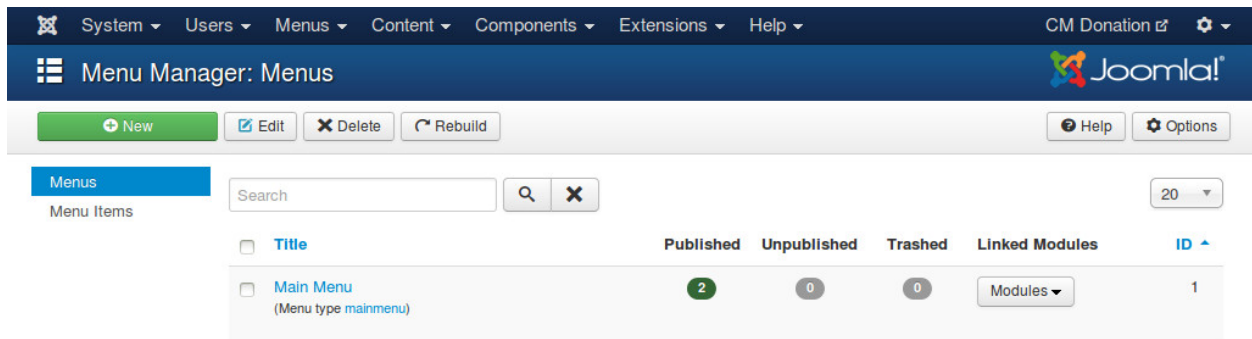

Without menu items for Thank You page, CM Donation still can display thankful pages with no problem, however the addresses of these pages are not nice and user friendly. By creating menu items, you can customize the addresses with the aliases of the menu items.

Because these pages are only available after donor completes or cancels a donation, so we don't want these pages to be visible to public. To do this you need to put them into a menu which is not assigned to any menu module, so the menu and the menu items will not be displayed anywhere on your site.

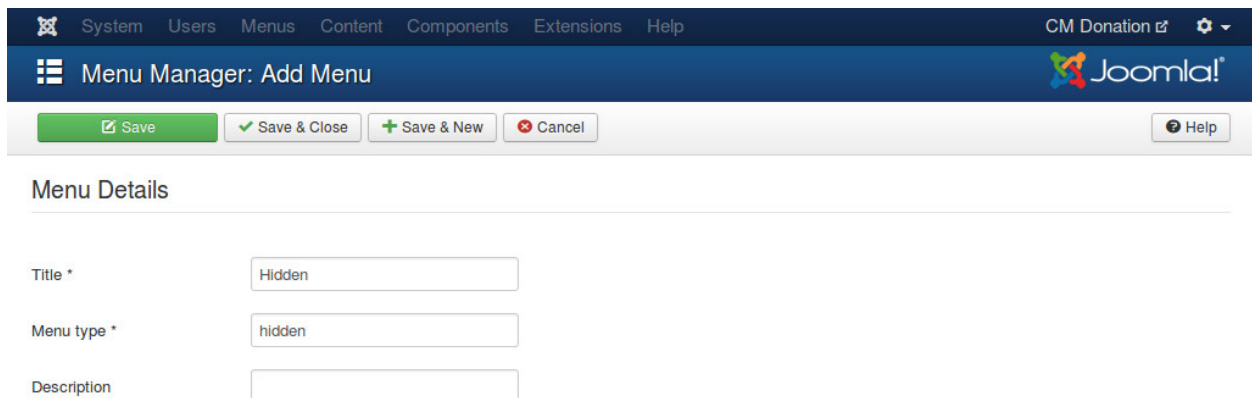

You navigate to Menu -> Menu Manager.

Click "New" button on the toolbar to create a new menu.

Give you menu a name and a menu type, for example "Hidden".

Save the menu and you are taken back to the menu list.

Message

In the pop-up, you select CM Donation -> Thank you.

Give your new menu item a new and select “Complete” in “Layout” option to configure this new menu item for completed donation.

Save your new menu item and it is displayed in the list.

The screenshot shows the Joomla! Menu Manager interface for 'Menu Items'. At the top, there's a navigation bar with 'System', 'Users', 'Menus', 'Content', 'Components', 'Extensions', and 'Help'. Below it, the title 'Menu Manager: Menu Items' is displayed. A toolbar contains buttons for '+ New', 'Edit', 'Publish', 'Unpublish', 'Check In', 'Trash', 'Home', 'Rebuild', 'Batch', and 'Help'. A green message box states 'Message: Menu item successfully saved'. Below this, there are filters for 'Menus' (set to 'Hidden'), a search bar, and sorting options (set to 'Ordering ascending' and '20' items per page). There are also dropdowns for 'Status', 'Max Levels', 'Access', and 'Language'. A table lists menu items with columns for 'Status', 'Title', 'Home', 'Access', 'Language', and 'ID'. One item is listed: 'Donation completed (Alias: donation-completed)' with a status of 'Published', access of 'Public', language of 'All', and ID of '104'. The title is 'CM Donation » thankyou'.

Create another new menu item for “Cancel” layout, this menu item is for cancelled donation.

The screenshot shows the Joomla! Menu Manager interface for 'New Menu Item'. At the top, there's a navigation bar with 'System', 'Users', 'Menus', 'Content', 'Components', 'Extensions', and 'Help'. Below it, the title 'Menu Manager: New Menu Item' is displayed. A toolbar contains buttons for 'Save', 'Save & Close', 'Save & New', 'Cancel', and 'Help'. The form has a 'Menu Title' field with the value 'Donation cancelled' and an 'Alias' field with the value 'Auto-generate from title'. Below the form, there are tabs for 'Details', 'Link Type', 'Page Display', 'Metadata', and 'Module Assignment'. The 'Details' tab is active. It contains fields for 'Menu Item Type' (set to 'Thank you'), 'Layout' (set to 'Cancel'), 'Link' (set to 'index.php?option=com\_cmddonation'), 'Target Window' (set to 'Parent'), 'Template Style' (set to '- Use Default -'), 'Menu Location' (set to 'Hidden'), 'Parent Item' (set to 'Menu Item Root'), 'Ordering' (set to 'Ordering will be available after saving'), and 'Status' (set to 'Published').

Now you have 2 hidden menu items for thankful messages of completed donation and cancelled donation.

## CHAPTER 4

### Campaigns

#### Create new campaign

To create a new campaign, you navigate to Extensions -> CM Donation in your Joomla!'s back-end.

On CM Donation's Dashboard page, you click "Campaigns" on the toolbar.

The screenshot shows the Joomla! administrator interface for the CM Donation extension. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays "CM Donation: Dashboard" and the Joomla! logo. A secondary navigation bar contains tabs for Dashboard, Campaigns, Donations, and Statistics. The dashboard content is divided into two columns. The left column features a "Campaigns" section with a message "There is no campaigns yet." and a "Latest donations" section with a message "There is no donations yet." The right column displays a "Thank you for using CM Donation!" message, followed by "Extension information" (Extension: CM Donation, Version: 1.0.0, Released date: August 5, 2014, License: GNU General Public License version 2 or later, Author: CMExtension team) and "Credits" (Back-end icons: Tango Materia Icon Theme (0.0.6) by Tango Desktop Project and Font Awesome by Dave Gandy, Flag icons: Mark James, CSS framework: Pure (customized)).

In the list of campaigns, you click “New” button on the toolbar to create a new campaign.

The screenshot shows the Joomla! administrator interface for the CM Donation extension, specifically the "Campaigns" view. The top navigation bar is the same as the dashboard. The main header displays "CM Donation: Campaigns" and the Joomla! logo. Below the header is a toolbar with buttons for New, Edit, Check In, and Delete. A secondary navigation bar contains tabs for Dashboard, Campaigns, Donations, and Statistics. Below the tabs is a search bar with a "Search" button and a "Clear" button. To the right of the search bar are dropdown menus for "20" (items per page), "Ascending" (sort order), and "Name" (sort by). Below these elements is a table header with a checkbox, "Name", and "ID".

In there form, there are 3 fields you need to provide information:

System Users Menus Content Components Extensions Help CM Donation

Modified Date

ID 0

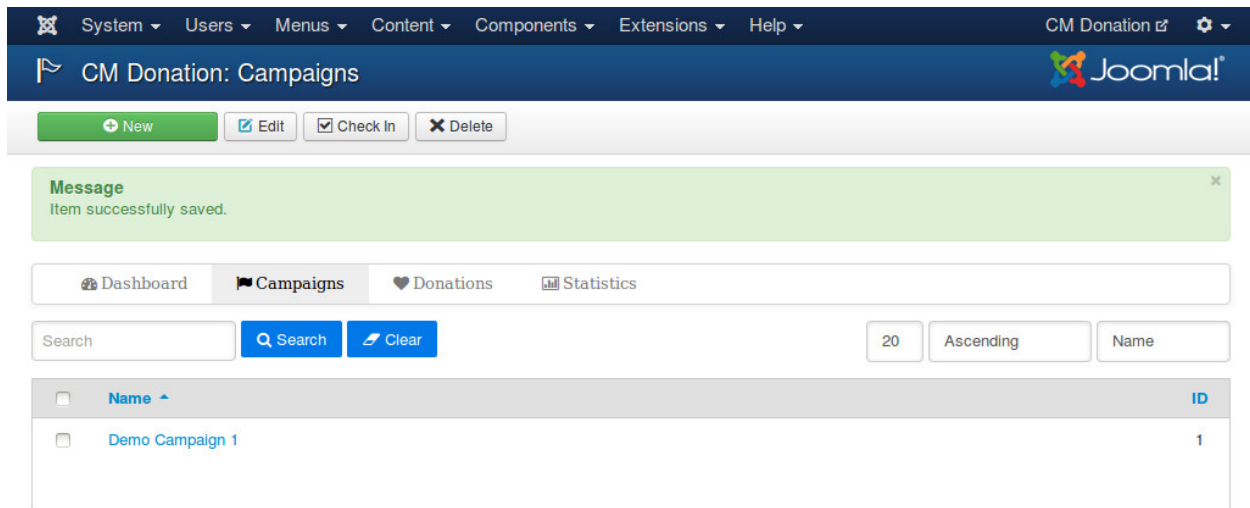

- **Name:** The name of the campaign you want to create.
- **Thankful message for completed donation:** Your thankful message to donor, this message is displayed after donor makes a successful donation on payment service's website (eg. PayPal).
- **Thankful message for cancelled donation:** Your thankful message to donor after donor cancels donation, this

message is displayed after donor cancels donation on payment service website.

Other fields in the form:

- **Created by:** The user who creates the campaign.
- **Created date:** The date when the campaign is created.
- **Modified by:** The user who makes the last modification for the campaign.
- **Modified date:** The date when the last modification is made.
- **ID:** The ID of the campaign.

After your new campaign is saved successfully, you are taken back to the campaign list.

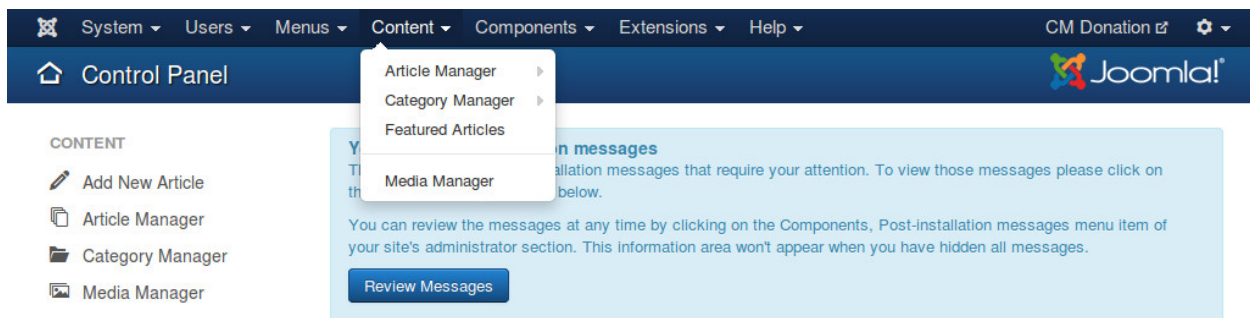

In the list, there is a column for campaign ID, you will need campaign ID for display campaign's donation form or other statistic information.

## Display campaign's form

To allow people to donate to your campaign you need to display the campaign's donation form on your site.

In your Joomla!'s back-end you go to Content -> Article Manager. If you want to display the form in an existing article, you edit that article, otherwise you create a new article.

In the content of your article, you enter the tag (shortcode)

{donation-form:X}

where you want the form to be displayed. X is the ID of the campaign you want to display its form.

The screenshot shows the Joomla! Article Manager interface for editing an article. The title is "Donate to Demo Campaign 1" and the alias is "donate-to-demo-campaign-1". The content area contains the text "Please use the form below to donate to our Demo Campaign 1" followed by the placeholder "{donation-form:1}". The right sidebar shows the article is published and featured.

Visit your article on your site's front-end, you can see the donation form is displayed in your article.

The screenshot shows the Joomla! front-end displaying the article "CM Donation" with the title "Donate to Demo Campaign 1". The article details show it was written by Super User, categorized as "Uncategorised", published on 05 August 2014, and has 6 hits. The donation form is displayed, asking for the amount and payment method. The form includes a "Donate" button. The right sidebar shows the "Main Menu" with links to "Home" and "Donate to Demo Campaign 1", and a "Login Form" with fields for "Username" and "Password".

## Donate

Before test your donation form, please make sure that you have already enabled and configured *PayPal Payments Pro* plugin.

Enter the amount you want to donate, select the options in the form and click “Donate” button.

The screenshot shows a web form titled "CM Donation" with a subtitle "Donate to Demo Campaign 1". On the right side, there is a "Main Menu" with links for "Home" and "Donate to Demo Campaign 1", and a "Login Form" with fields for "Username" and "Password", a "Remember Me" checkbox, and a "Log in" button. Below the login form are links for "Create an account", "Forgot your username?", and "Forgot your password?". The main form area contains a "Details" section with meta-information: "Written by Super User", "Category: Uncategorized", "Published: 05 August 2014", and "Hits: 6". Below this is a instruction: "Please use the form below to donate to our Demo Campaign 1". The form fields include: "Amount" (set to \$ 5), "Payment method" (selected: PayPal Payments Pro (Express Checkout)), "Recurring cycle" (selected: Monthly), and checkboxes for "Donate as anonymous" and "Make recurring donation". A blue "Donate" button is at the bottom. A breadcrumb trail at the bottom left reads: "You are here: Home > Donate to Demo Campaign 1".

### Statistics in front-end

---

You can display the following information in your front-end:

- The number of donations of a campaign.
- Total amount donated of a campaign.
- Latest donations of a campaign.
- Top donors of a campaign.
- Top countries of a campaign.

### Donation quantity

Edit the Joomla! article which you want to display donation quantity of your campaign, you put the tag `{donations:X}`

where you want the number is displayed. X is the ID of the campaign.

View the article in front-end to check if the number of donations is displayed.

Demo Campaign 1 has received 3 donations.

## Total amount donated

To display the total amount that donors donated to your campaign, you put the tag `{amount:X}`

where you want to display the value in your article. X is the ID of the campaign.

The screenshot shows a rich text editor interface. The top menu bar includes 'Edit', 'Insert', 'View', 'Format', 'Table', and 'Tools'. Below the menu is a toolbar with various formatting options like bold, italic, underline, strikethrough, bulleted list, numbered list, paragraph, indent, outdent, link, unlink, image, code, decrease indent, increase indent, subscript, superscript, and insert link. The main text area contains the sentence: 'Total amount donated to our Demo Campaign 1 is {amount:1}'.

The tag will be replaced by the value of your campaign's total amount of donated money.

Total amount donated to our Demo Campaign 1 is \$15

## Latest donations

You can display the latest donations of your campaign by putting the tag `{latest-donations:X:Y}`

where you want to display the value in your article. X is the ID of the campaign and Y is the number of donations you want to display.

The tag will be replaced by the value of your campaign's total amount of donated money.

## Top donors

A donor can donate to your campaign many times. You can honor the donors by listing them in top donors table. You use the tag

{top-donors:X:Y}

where you want to display the table. X is the ID of the campaign and Y is the number of donors you want to display.

The plugin automatically calculates the donor's contributions and display the donors who contributed the most on the top of the list.

### Top 5 donations of Demo Campaign 1

#	Donor	Country		Number of donations	Amount donated
1	Anonymous	United States		2	\$10
2	John Doe	United States		2	\$6
3	Anonymous	Afghanistan		1	\$5
4	Mark Brown	United Kingdom		1	\$1
5	Francais Petit	France		1	\$1

## Top countries

We can know where donors come from via the PayPal transactions. The plugin can collect this data and make a statistic table to listing what countries that have donors contributing to your campaign the most. The tag for this table is

 $\{\text{top-countries:X:Y}\}$ 

where you want to display the table. X is the ID of the campaign and Y is the number of countries you want to display.

The result in your article similar to the following screenshot.

Top 5 countries which have people donated to Demo Campaign 1

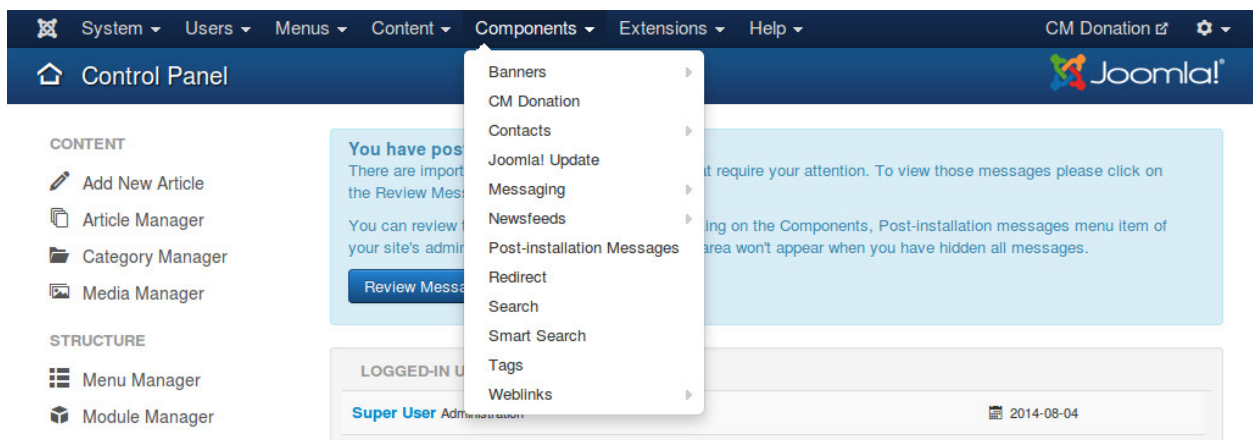

#	Country		Contribution	Number of donations	Lowest	Average	Highest	Total
1	United States		62%	4	\$1	\$4	\$5	\$16
2	Afghanistan		19%	1	\$5	\$5	\$5	\$5
3	Australia		4%	1	\$1	\$1	\$1	\$1
4	United Kingdom		4%	1	\$1	\$1	\$1	\$1
5	France		4%	1	\$1	\$1	\$1	\$1

## CHAPTER 7

### Statistics in back-end

To view statistics of your campaigns, you go to Extensions -> CM Donation in your Joomla!'s back-end.

On CM Donation's Dashboard page, you click "Statistics" on the toolbar.

The screenshot shows the Joomla! dashboard for the CM Donation extension. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays "CM Donation: Dashboard" and the Joomla! logo. A secondary navigation bar contains "Options". Below this, a tabbed interface shows "Dashboard", "Campaigns", "Donations", and "Statistics". The "Dashboard" tab is active, displaying three sections: "Campaigns" (stating "There is no campaigns yet."), "Latest donations" (stating "There is no donations yet."), and "Thank you for using CM Donation!". The "Thank you" section includes "Extension information" (listing extension name, version 1.0.0, release date August 5, 2014, GNU GPL license, and CMExtension team author) and "Credits" (listing icons by Tango Materia, Desktop Project, and Font Awesome; flag icons by Mark James; and CSS framework Pure).

Select the campaign you want to view its statistics then click “View” button.

The screenshot shows the Joomla! dashboard for the CM Donation extension, specifically the "Statistics" view. The top navigation bar is the same as the previous screenshot. The main header displays "CM Donation: Statistics" and the Joomla! logo. A secondary navigation bar contains "Options". Below this, a tabbed interface shows "Dashboard", "Campaigns", "Donations", and "Statistics". The "Statistics" tab is active, displaying a dropdown menu labeled "- Select Campaign -" and a blue "View" button.

In the next page the statistics are displayed similar to the screenshot below.
